Council Members.

As always, I say this with the highest respect for you all.

You are no doubt aware, that many if not all Shoreline Homeowners, are very upset with what is happening in regards to the SMP, and your insistence in going against all practical common sense and reason.

My concern now, is that the DOE will not defend your decisions in a legal confrontation. I will not go into all the details, or how I came to this conclusion, but you the City, will be liable for legal defense.

Given that statement, I know and you also know, funds are not there to defend such an action against the Homeowners Association, or any other entity.

The action will drive the City to the wall.

" Courage is what it takes to stand up and speak. Courage is also what it takes to sit down and listen"

I would take the route of common sense, as it is your Community you are about to seriously impact.

Respectively,

John Green
