Dear Council,

As a person quite concerned with the previous selection of the word "non-conforming" to describe all currently-existing waterfront homes in the proposed revisions to the SMP, I applaud your recent vote to change the wording to "existing development."

I truly appreciate your ensemble ability to out-perform our current national congress and to work out a reasonable alternative to one aspect of the plan that has caused so much anger and concern among affected residents.

Well done!

Thank you!

Dee DuMont
