Subject: Shoreline Structures

To City of Bainbridge Council,

I have lived on Bainbridge Island for over 50 years. I raised my family in the home we built on the water. We have kept the home in pristine condition and cannot imagine why the government would make our home non-conforming just because it is built on the shoreline. Our home was permitted and approved, why and how can government change what was done legally at the time. This will place a hardship on us when we decide to sell or to make any changes.

I IMPLORE YOU TO ALLOW CURRENT STRUCTURES TO BE CONFORMING AS KITSAP COUNTY HAS DONE.
