Subject: SMP/Pt. Monroe

Dear Council Members: I believe the SMP is being used to restrict property rights and impose radical changes to residential waterfront lifestyles, devaluing property. At Point Monroe, we have asked you numerous times for many years to stop dumping storm water runoff into the lagoon which is damaging the marine "nursery" environment and promoting siltation. We have asked you to post a speed limit, not to exceed 5-mph, for the lagoon--the same speed limit you have set in Port Madison. Existing properties should be declared "conforming" as Kitsap County decided.
