Bainbridge City Council ~

I emlore you to make Bainbridge Waterfront Properties conforming.

I do not own waterfront property, but what you are doing is a "taking" of these peoples rights.

Are you prepared to repay them the loss of their value in these takings?

It is very possible for the City Planning Dept. to look at remodels and building permits on a case by case basis.

It is not your job to be the first municipality to adopt rulings that impact our citizens (i.e. plastic bag ban, statement against guns). Why don't we spend our time just maintaining our wonderful island and concentrating on taking care of our roads, our police force etc... We don't always need more government!!!!
