Council Members:

We also support the letter from Dennis Reynolds and have written several times to Council regarding Shoreline Master Plan urging that the plan be kept simple and conforming. (As have recently been passed by Kitsap County/Poulsbo, etc.) No need to penalize waterfront homeowners who have been stewards of the waterfront lands and bring on more unnecessary lawsuits against the City.

Dear Council Members,

It is with respect to all that you have been working through on the Shoreline Master Plan that I offer my sincere appreciation. I know the time and effort everyone has put into this document.

I will be unable to attend tonight's meeting. I have written several letters on the subject spanning the last year and attended many of the hearing and testified for our ability to remain a conforming and worthy property owner on the island.

I totally endorse the letter written today by Dennis Reynolds...as it speaks to all my concerns and understanding that reasonable choices are yours to make for all of us.

As I live in Kitsap County it is interesting to note that they have honored all shoreline residents as

conforming.

Respectfully, Mark Levine
