**Subject:** FW: SMP - my perspective

First, thank you for your service--yours is a thankless job, made worse by "fearful, frustrated an [sic] much concerned" citizens disseminating misinformation and "stirring the pot" as it were. If in fact non-Islanders were lured by free pizza into participating in the "march" last week, this behavior is even more disruptive and time-wasting than I previously thought. Just wanted you to know that not everyone believes that the SMP is a planned "land grab by the City" (sounds a bit like other fairy tales like the Tooth Fairy and Easter Bunny...) If we can't trust our elected officials, aided by citizen committees, to make policies for us, this system won't work--and we can't let the system be manipulated by the loudest screamers.

**Dear Friends of the Shoreline and your own investments:**

**Please make the following your daily commitment before you even have your coffee:**

**1. Send the following e-mail to the entire City Council mailing list:**

**Good morning, I write as a shoreline property owner who is fearful, frustrated an much concerned by the much publicized Shoreline Management Program and how it will specifically impact me and my property. Can you please make time to discuss this with me. I understand the program is in a 350+ page volume. Will you please call**

or write to help me understand what all this means? I look forward to talking with you.

Thank you.
