Subject: Questions from June 20 SMP Council Meeting

Dear Council Member Ward:

I would like to thank you for your offer made at the June 20 City Council Meeting concerning the SMP to take down questions from presenters and answer them.

This is the first time for the many council meetings that I have attended that a gracious offer to respond to questions has been made by a council member.

As I have expressed in the meeting and in writing to the Council, I am particularly concerned about how the regulations will affect repairs to overwater structures docks, piers, and floats.

Robert Hershberg
