**Subject:** SMP existing non-conforming

Dear Bainbridge City Council,

I am writing to express my disapproval for the portion of the proposed SMP that would designate my home, and most existing shoreline homes on Bainbridge, as "existing non-conforming". If it is the plan to eliminate my home and others like it over time, then we face a financial future that is different than what we anticipated. In other words, we shoreline homeowners are paying a very high price for someone's supposed, but unproven, version of what will benefit the Sound and its environs. As I have written to you previously, we live quite harmoniously with nature here and nature is thriving, both on land and in the water – and I've watched and studied this over 45 years of being on Fletcher Bay.

Planning for the elimination of my home is nonsense. Please put a stop to it.
