Ladies and Gentlemen:

We have lived on Gordon Drive for over 50 years.

Our neighbors Val Tollefson, Mike Bice and Ed Kushner have written about the 7 waterfront properties that remain identified as "Shoreline Residential Conservancy" on the current draft of the SMP.

We agree with Mike, Val and Ed as outlined in their letters to you that these properties are identified improperly and should be "Shoreline Residential" which is more in accordance with the historical and current residential uses of the property.

It is our hope you will correct the situation.

Sincerely

Phil and Ellie Boren
