

Project Name: Rockaway Beach Road Stabilization Project

Org: 3213324 Object: 341690 Project: 00534

Rockaway Beach Road Stabilization Project Plan Holders List

Scope of Work: The work includes, but is not limited to, the following: Stabilize embankments and repair a section of the roadway in the vicinity of an eroding shoreline bluff located approximately 1000 feet South of Old Creosote Hill Road. Major items of work include the construction of approximately 340 feet of wall along the beach, geotextile slope stabilization, and restoring approximately 550 feet of the roadway. No in-water work will occur during this project.
