City to Host Wing Point Way Informational Meeting

BAINBRIDGE ISLAND, January 10, 2014: The City of Bainbridge Island will host a public workshop next month to discuss the Wing Point Way non-motorized improvements project. Pre-design alternatives will be displayed and discussed by the City's Public Works Department and HDR, Inc., the engineering firm selected to complete the project. The City has already received a federal grant for design and permitting activities and anticipates applying for additional funds to offset the cost of construction.

The workshop is scheduled for Tuesday, February 4, from 5:30 to 6:30 p.m. at the Wing Point Golf and Country Club located at 811 Cherry Avenue. The City encourages community members to attend the workshop to learn more about the design alternatives as well as public and private property matters related to the project.

For more information, please visit the City's website (www.bainbridgewa.gov).
