

NARRATIVE

At approximately 08:44 on 05/21/2025 I was dispatched by CENCOM for a report of a non-injury, non-blocking collision south of the intersection of State Highway 305 and Hidden Cove RD. I arrived on scene and interviewed both parties. The driver of Vehicle 1, [REDACTED], admitted that her foot had slipped off of the brake while waiting in "stop-and-go" traffic and resulted in her "bumping" into the rear end of the driver of Vehicle 2, [REDACTED], while he was stopped and waiting for traffic to proceed.

Neither party requested Aid, though [REDACTED] complained of some minor neck and lower back pain. [REDACTED] was cited for following too closely. Both vehicles were able to be driven from the scene.
