

## NARRATIVE

On 5/22/2025 at approximately 2308 hours I was dispatched to the report of a collision that occurred at the northbound lane of the roundabout at State Highway 305 and West Port Madison. Vehicle 1 and Vehicle 2 were approaching the entrance to the roundabout when Vehicle 1 failed to notice that Vehicle 2 was slowing down to enter it. As Vehicle 2 slowed down, Vehicle 1 collided with the rear driver's side quarter panel of Vehicle 2. Damage to the vehicles were photographed and uploaded to Evidence.com as well as Axon body camera footage. The only occupants of both vehicles were the drivers. No injuries had been received by either driver.
