

NARRATIVE

Unit 1 was northbound on SR 305, approaching the intersection of NE Port Madison Rd. Unit 1 failed to negotiate a curve to the right and continued straight ahead, striking a raised median and a veer right street sign. The driver of unit 1 could not explain why she was unable to make the curve, stating the sign/median surprised her. Unit 1 was towed and the uninjured driver/owner was provided a ride home and cited for inattentive driving.

Driver of unit 1 could not produce her Safeco policy number at the time of the incident. Since, I've left multiple voicemails requesting this information, and those have not been returned. I therefore marked insurance as ineffective.
