

NARRATIVE

Vehicle #1 was westbound on Wyatt Way. After coming down the hill on Wyatt the car entered the curve onto southbound Eagle Harbor and near the apex of the curve the car left the right side of the road. After leaving the roadway it continued in a straight line until all to the forward momentum was absorbed by a large stand of Himalayan Blackberries.

The driver exited the car and made her way back to the road. She was contacted by Officer Bingham who determined that probable cause existed to arrest the driver for DUI.

Kitsap Towing took custody of the car on the DUI impound. Once it was removed from the briar patch there was no visible sign of damage to the car.
