

NARRATIVE

vehicle #2 was legally part in a parking stall at the listed address. Vehicle #2 a space on the driver's side of his vehicle was open and a Toyota truck attempted to pull into that parking spot about the front end of the Toyota truck swiped the rear driver side portion of the victims Tesla. The owner of vehicle #2 told me that he checked the video surveillance footage on his car and saw the truck strike his vehicle. After striking his car the Toyota truck backed out and ultimately ended up in the lot. With the vehicle that struck his Tesla the owner went out into the parking lot located the truck into the grass of the damage to the truck. He left a note on the truck what his contact information, he later found that note on the ground.

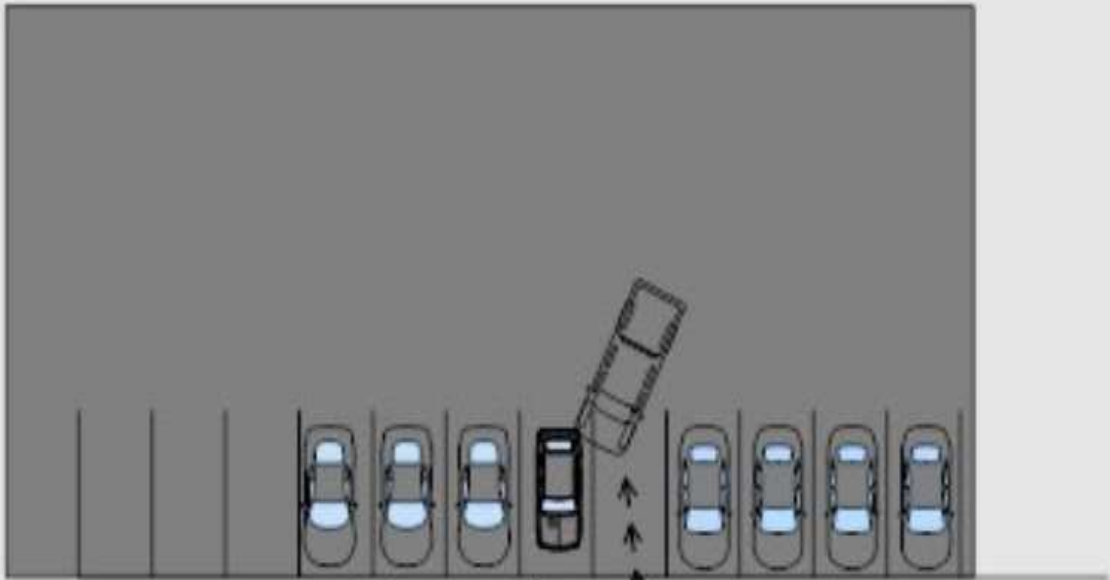

With the information on the plate from the truck I was able to locate [REDACTED]'s information and address. I went to his home on [REDACTED] Rd. I asked if he had been at the Athletic Club earlier in the day and he said he had. I asked if he had struck any vehicles in the parking lot and he said he "touched" another car. I explained to him that the collision was captured on video and the white scrape marks on his pickup (that was parked in his driveway) matched up with the scrape marks on the victims Tesla. [REDACTED] ask the driver and have him reach out to her to work the situation out. I obtained necessary information to complete this report from them.

I called the owner of vehicle #2, [REDACTED] and told him what I was told by the [REDACTED]. Was agreeable to contacting them.

Parking lot of Bainbridge Athletic Club
