

NARRATIVE

At approximately 09:08 on 04/11/2025 I was dispatched by CENCOM for a report of a collision involving two vehicles at the intersection of State Highway 305/ Winslow Way E. Upon arrival on scene, I interviewed both parties, each of which explained that they thought they had a "green light" to proceed through the intersection.

Vehicle 1 (a red Ford Escort) had proceeded straight from the ferry waiting lane across the intersection at the same time that Vehicle 2 (a white Honda Fit) had proceeded to make a right turn across the ferry lane to travel westward onto Winslow Way E. Neither driver was cited, as there were no witnesses to confirm who may have been at fault.

Neither driver suffered injuries and both vehicles were drivable from the scene and did not require tow.
