

## NARRATIVE

Unit 1 was westbound on NE High School Rd. and making a right turn onto Fletcher Bay Rd. NE. Unit 1 did not negotiate the turn properly, overshooting the lane, through the intersection, across the southbound lane of Fletcher Bay Rd. NE and into a ditch, roughly four feet deep. As unit 1 left the roadway, it struck a metal box containing cables. The driver of unit 1 showed signs of alcohol intoxication, refused SFSTs, and was transported to BIPD, where she blew .16 and .17.

After PSE confirmed power was no issue, Kitsap Tow responded to remove the vehicle from the ditch. Unit 1 had damage to its front left corner. No injuries were reported. The driver was also cited for failure to possess insurance (via mail).
