

## NARRATIVE

Vehicle 1 was stopped on the north shoulder of Winslow Way, near the intersection with Madrone LN. Vehicle 2 was legally parked on the south shoulder at the same location, in the diagonal roadside parking spots. Vehicle 1 attempted to make a three-point turn, intended to travel east on Winslow. When Vehicle 1 backed into the east-bound lane, their rear driver corner collided with the rear driver corner of Vehicle 2. Vehicle 2 sustained minor damage to the rear right body panel. Vehicle 2 was unoccupied at the time of the collision. Both Vehicles were able to leave the scene under their own power. Both parties were provided with an exchange of information. The driver of Vehicle 1 was cited for not having proof of insurance.
