

NARRATIVE

Veh 1 was backing from a parking spot in the ferry terminal paid lot. Driver of Veh 1 stated that he is not very good at a manual shift, popped in reverse by accident and struck another parked vehicle, Veh 2, which was parked and unoccupied. Veh 2 slid and narrowly missed Veh 3 which was also parked unoccupied. It appears there is no damage to Veh 3, but it is uncertain until the owners are found and vehicles moved. Driver of veh 1 checked okay.
