

On 12/08/2022, at approximately 0913 hours, I was dispatched by CENCOM to NE Koura RD/SR305 regarding a motor vehicle collision.

Driver 1 stated she did not have any injuries and declined any medical evaluation. She was driving eastbound on NE Koura RD towards SR305. Driver 1 stated approximately 100' before SR305, she turned right into the private driveway of Hazel Creek Montessori School to do a U-turn and drive back westbound on NE Koura RD. Driver 1 stated when she pulled back onto NE Koura RD, she struck Driver 2 in the rear passenger door of his vehicle with her front bumper. Driver 1 stated she did not know Driver 2 was behind her and felt her U-turn would be safe. Driver 1 was cited for 46.20.015- No Valid Operator License with Valid ID and 46.61.180.1-Failure to Yield Right Away to Motor Vehicle. Driver 1 was provided a verbal warning for expired vehicle registration. Driver 1 stated she got her new tabs online and is waiting on the new tabs to come in the mail. I provided Driver 1 with these infractions on scene.

Driver 2 stated he did not have any injuries and declined any medical evaluation. He was driving eastbound on NE Koura RD towards SR305 behind Driver 1. He saw Driver 1 turn right into the private driveway of Hazel Creek Montessori School. Driver 2 stated he thought Driver 1 was going to the school and he continued driving eastbound towards SR305. Driver 2 stated when passing the private driveway of the school, Driver 1 drove into the rear passenger side door of his vehicle.

I took pictures of both vehicles damages on scene and later uploaded them into Evidence.com. I provided Driver 1 and Driver 2 with an exchange of information and my business card with the case number. Both vehicles were not drivable and towed from scene at owner's request.
