

NARRATIVE

On 01/31/2022 at approximately 1221 hours, I was dispatched by CENCOM to 9330 NE High School RD (Bainbridge Highschool) regarding a 2-vehicle collision.

I contacted Unit 1. Unit 1 stated he did not have any injuries and declined any medical evaluation. Unit 1 stated he was traveling eastbound on High School RD NE. He came to a complete stop and put his left blinker on to turn into the pit which is a side alley road for school parking. He saw Unit 2 approximately 100 foot away driving towards him westbound in the opposite lane. He stated he hesitated but then felt he had enough time to make his left turn. He turned left, looked back to his right at Unit 2 and Unit 2 struck the front of his vehicle. I provided Unit 1 my business card with the case number.

I contacted the passenger of Unit 1's vehicle. Passenger stated he did not have any injuries and declined any medical evaluation. Passenger said they were traveling eastbound on High School RD NE. He saw Unit 2 in the opposite lane driving westbound towards them from the roundabout at Madison Ave N. They came to a complete stop and Unit 1 put his blinker on to turn into the pit which is a side alley road for school parking. He put his head down and was looking at his phone not paying attention anymore since he was not driving. As Unit 1 was making his left turn, he looked up and saw Unit 2 and said to Unit 1 hey we are not going to make it. Unit 2 struck Unit 1 in the front end. I provided the passenger my business card with the case number.

I contacted Unit 2. Unit 2 stated he did not have any injuries and declined any medical evaluation. He was driving westbound on High School RD NE. He saw Unit 1 stopped with his blinker on to make a left turn into the pit. As he approached the alley road for the pit Unit 1 pulled out in front of him to make his left turn. He did not have enough time to try and stop and struck Unit 1 head on. I provided Unit 2 my business card with the case number.

I took pictures of both vehicle's damages and later uploaded them into Evidence.com. Unit 1 was cited for 10.18.010-Inattentive Driving. I explained the citation to Unit 1 and parents, and they stated they understood. Both Unit 1,2 vehicles were towed away from scene as they were not drivable and blocking the roadway.
