

NARRATIVE

On 07/05/2022 at approximately 1853hrs, CENCOM received and dispatched a non-injury collision in the area of Sportsman Club Rd and High School Rd between a vehicle and a Kitsap Transit Bus.

I arrived at approximately 1900hrs and contacted both parties involved. Driver 1 stated she stopped at the stop sign on west bound High School Rd and proceeded to make a left turn onto southbound Sportsman Club Rd. Driver 1 said as she was making her turn, she did not see vehicle 2 and scraped the side of her bus along the front left of vehicle 2.

Driver 2 said she had stopped at the stop sign. Driver 2 saw vehicle 1 make the left turn from west bound high school Rd and watched as vehicle 1 proceeded to come into her lane of travel and strike her vehicle as vehicle 1 was making the left turn to southbound Sportsman Club Rd.

I assisted with exchanging information with the parties involved.

Vehicle 2 appeared to be drivable but when Driver 2 attempted to drive away the front wheel began shaking violently and it was decided it was safer to tow the vehicle from the scene.
