

NARRATIVE

At 10:55 on 07/11/2022, Vehicle 1 was pulling out of the southernmost parking stall on the eastern side of the Sisters Cider House at 921 Hildebrand Ln. While moving eastward onto Hildebrand Ln out of the parking stall, Vehicle 1's driver's side front quarterpanel struck the passenger side front quarterpanel and bumper of Vehicle 2 while Vehicle 2 was traveling southbound on Hildebrand Ln. No apparent injuries were reported from either party and the damage threshold was met. When I arrived on scene, the driver of Vehicle 2 had already left after exchanging information with the driver of Vehicle 1. I attempted to contact the driver of Vehicle 2 via the number provided to the driver of Vehicle 1, but received no response. I obtained the information for Vehicle 2 by running the VIN information on the insurance information provided to the driver of Vehicle 2. It is unknown whether the driver of Vehicle 2 has any injuries to report.
