

## NARRATIVE

Veh 2 was unoccupied and parked in the parking lot of Fletcher bay market. Veh 1 was backing up to leave the parking lot and struck the right tail light of Veh 2 causing reportable damage. Witness's called 911 because the driver of Veh 1 seemed intoxicated and had expired insurance and then left the scene.

I tracked down VEH 1 and contacted the Driver and RO of the vehicle, both individuals were impaired but the driver stated he drank 4-5 beers since he got back to his residence. Based off my training and experience and the reports of the eye witness's on scene I believe the driver was under the influence at the time of the collision but I cannot prove or take action and charge the driver for DUI under the circumstances.
