

NARRATIVE

Unit 2 was parked in a parking space on Winslow Way across from the Tea Shop on Winslow Way. When Unit 2 parked the driver another vehicle came and parked next to him. The owner of Unit 2 stated it was a red Honda Pilot with an unknown Utah plate. Unit 2 said it appeared Unit 1 was parked funny and the owner of Unit 2 stated he thought he took a picture of the vehicle because they parked like they did not care. The owner of Unit 2 moved his vehicle after two hours down the street. A few hours later he came back to the vehicle and noticed the damage. Where he moved Unit 2 it there were no parking spots on the driver's side. The damage obviously came from the previous parking spot.

Unit 1 was described as being driven by a white male who visited the Tea Shop. The owner of Unit 2 went to the Tea Shop to see if the owner of the shop knew the driver. The owner of Unit 2 said the owner of the shop said she would look through her receipts to see if she remembered the driver. I will follow up with the owner of the Tea Shop to see if they have any information.
