

NARRATIVE

On 10/24/2022 at approximately 0841 hours officer was dispatched to 13401 State Highway 305 for a hit and run motor vehicle collision. The reporting party and victim advised that the suspect vehicle (vehicle one) had rear ended her and was now heading southbound on State Highway 305.

She described the suspect vehicle as an older passenger car that would have front end damage. The officer drove northbound on State Highway 305 from Winslow Way but was unable to locate a possible suspect vehicle.

The officer contacted her where she pulled over. Her vehicle (vehicle two) had damage to the rear bumper and rear trunk hatch. She stated that neither she nor her two passengers were injured. Photographs of the damage were taken and uploaded to evidence.com.

The victim explained that she was driving southbound on State Highway 305 and came to a stop at the 13400 block as traffic was backed up from the intersection at NE Day Rd. She explained that she was 'stopped for a while' before getting hit in the rear of her vehicle by vehicle one.

She advised that vehicle one proceeded southbound on the shoulder of State Highway 305. She was unsure if the driver was a male or female.
