

NARRATIVE

Vehicle 1 was traveling east on Wyatt Way and entered the left turn lane to make a left turn onto Finch Rd. Vehicle 2 was traveling west on Wyatt Way heading straight through the intersection. Vehicle 1 failed to yield to vehicle 2 and they collided in the middle of the intersection of Wyatt Way and Finch Rd. Vehicle 2 hit vehicle 1 on the rear passenger-side tire area. This caused significant damage to that area of vehicle 1 and the front passenger-side corner of vehicle 2. This collision rendered both vehicles undrivable and tow trucks were called. The witness corroborated the driver of Vehicle 2's story, which also matched the damage to both vehicles. The driver of Vehicle 1 seemed confused and initially stated they thought vehicle 2 was coming from Finch rd very fast. Both vehicles were towed and Vehicle 1 was cited for failure to yield.
