

## NARRATIVE

While negotiating the curve from North to South near the intersection of Wyatt Way and Eagle Harbor Drive, Vehicle 1 was traveling at a speed too fast for conditions when they stated they had to swerve off of the road to avoid hitting what they thought was a cat. The vehicle went through the blackberry bushes, over a small drop off onto a field on the west side of the roadway, rolled over, collided with a fence, and ultimately landed just inside of the eastern edge of a drainage field owned by Michael T. Boyce at 7183 NE Eagle Harbor Drive. Damages are estimated to be \$2,000.00 or more to repair the fence and field.

DRAIN FIELD, 7183 EAGLE HARBOR DRIVE
