

NARRATIVE

Unit 1 was parked/parking in a parking space in front of Paws and Fins Pet Store. The driver of Unit 1 said her foot slipped from the brake pedal to the accelerator. Unit 1 jumped the curb, went across the walkway, and struck the building in front of her, breaking two large windows and damaging the building. At the time of the collision it was raining heavily and had not rained in several weeks or months. There was visible oil sheen on most standing water in the parking lot. The driver of Unit 1 had the vehicle later towed by a private tow (AAA) to a repair shop. Bainbridge Fire checked the driver of Unit 1 for injuries. She refused to go to the hospital with them and I was told later by the driver she went on her own to the emergency room in Seattle due to an apparent head injury sustained during the collision.
