

NARRATIVE

Officer dispatched to the intersection of SR305 and Sportsman Club Road.

Reporting party/witness observed vehicle 1 go off the roadway, possibly strike a barrier on SR305, roughly half a mile north of Sportsman Club Rd NE.

Vehicle 1 was on the west side of SR305, slightly up a hill off the shoulder, facing southbound, a couple hundred feet south of NE Koura Road.

Driver of the vehicle was identified, still in the vehicle, and appeared to be confused.

There was damage to Vehicle 1's front driver's side mirror, which was broken off and sitting on the ground behind the vehicle. The front driver's upper door panel appeared to have scraped across the lower right portion of a 'Notice' sign (no damage to the sign). There was also damage to front passenger side bumper. No barrier was struck.

The accident was due to a medical condition which had resulted in the driver's license being suspended/revoked.
