

## NARRATIVE

At approximately 13:20 on 7/21/23, Vehicle 1 entered the Town & Country parking lot from the northern entry point from Winslow Way E. Vehicle 1 approached from the north end of the center parking stalls, took a sharp left turn to park in the spot immediately north and adjacent to Vehicle 2 (unoccupied) and had struck the rear driver's side bumper of Vehicle 2 with their front passenger side bumper while making their turn into the parking stall. The driver of Vehicle 1 then got out of their vehicle, looked at Vehicle 2, got back into their own vehicle and drove away to the south end of the store, ultimately leaving the parking lot.

The driver of Vehicle 1 did not attempt to talk to anyone, nor attempt to leave any sort of contact information. They were later contacted at their residence and admitted to hitting the parked vehicle and leaving the area.
