

NARRATIVE

DRV 1 stated he was traveling northbound on Sportsman Club RD approaching the intersection with NE Wardwell RD when an animal ran into the roadway. DRV 1 state he swerved to avoid the animal and drove into the ditch on the west side of the road. DRV 1 had small scrapes on his face, and stated they happened because he had got smacked into his head. DRV 1 declined aid during the 911 call, and declined aid when I asked him if he needed it on scene.

VEH 1 had the side curtain airbags deployed. VEH 1 sustained damage to the front left wheel rendering the vehicle unable to be driven. VEH 1's damage was above the reportable threshold.

I took photos of VEH 1 and submitted them to Evidence.com.

DRV 1 was attempting to contact his boss, who is the RO for VEH 1. I advised DRV 1 that if the RO did not want to make towing arrangements, to contact me so I could return to the scene to facilitate a tow.

DRV 1 was unable to identify what kind of wildlife had walked into the roadway, I have used an emu to represent the unknown wildlife in the diagram.
