

NARRATIVE

The driver of Unit 1 was told to move out of employee parking at the high school. Unit 1 scraped the right side of Unit 2, causing minor damage. Unit 2 was parked and unoccupied.

The BHS Campus Monitor was contacted and provided photos of the damage on Unit 1 and also surveillance video of the accident.

In the footage, Unit 1 is seen pulling into a handicap spot next to Unit 2, which is backed into a parking space. Unit 1 clearly strikes Unit 2's right doors with its front right bumper.

The photos clearly show paint transfer from Unit 2 on Unit 1's front right bumper.
