

NARRATIVE

Driver #1 was westbound and stopped at the intersection of Koura Rd. and Miller Rd. Driver #1 was preparing to make a left turn onto southbound Miller Rd. Driver #1 saw a vehicle -Driver #2 - northbound on Miller Rd. Driver #2 signaled a right turn onto eastbound Koura Rd. Driver #2 told me that she had been mistaken as to which road she needed to turn on, deactivated her signal, and continued north on Miller Rd. Driver #1 provided the same basic fact set, adding that he began his turn and realized that Driver #2 was not going to turn. The point of impact on vehicle #2 was on the passenger side just aft of the front tire. The impact buckled the sheet metal of the front fender. The damage to vehicle #1 consisted of scrape and abrasion marks. Both drivers were given an exchange forms and referred to their respective insurers.
