

NARRATIVE

Vehicle 1 was behind Vehicle 2 on north bound state route 305, both traveling with traffic near the posted speed. A vehicle in front of Vehicle 2 came to a stop for traffic backed up from the controlled intersection with Day RD. Vehicle 2 came to an abrupt stop behind that Vehicle. Vehicle 1 failed to stop in time and collided their front left corner into the rear right corner of Vehicle 2. Both vehicles sustained moderate damage. NO occupant of either vehicle claimed any injury at this time. Vehicle 2 was able to leave the scene under their own power. Vehicle 1 was safely off the roadway and the owner arranged to have it picked up at a later time. The driver of Vehicle 1 was cited for not having insurance, and for not being licensed to drive.
