

NARRATIVE

Vehicle 2 was traveling northbound on Ericksen Ave approaching the intersection with Knechtel Way. Vehicle 1 was traveling eastbound on Knechtel Way. There was a stop sign for eastbound traffic on Knechtel Way at the intersection with Ericksen Ave. There was no stop sign for north/southbound traffic for Ericksen Ave at this intersection. As Vehicle 2 drove through this intersection, Vehicle 1 ran the stop sign and T-boned Vehicle 2. The driver of vehicle 1 declined to explain how the crash happened and denied being involved. Relying on the damage to Vehicle 1, Driver 2's account of what happened, and dash cam footage from Vehicle 2, it appeared that Vehicle 1 ran the stop sign and was trying to make a left-hand turn onto northbound Ericksen Ave when the collision occurred. The driver of Vehicle 1 was cited for failing to obey the stop sign, operating a motor vehicle without insurance, and charged criminally with attended hit-and-run.
