

## NARRATIVE

Unit # 1 was backing out of a parking spot in front of Hammy's restaurant and didn't see Unit #2 being driven northbound by an unlicensed driver. The two vehicles collided and debris from #2 such as a door handle was deposited on the yellow center line, indicating that the backing vehicle was most, if not all the way into the lane of travel. Both drivers appear to have contributed to the collision. Pleasant Beach Village Manager [REDACTED] advised he would contact me if any video footage of the collision was located. A photo of the roadway and car pieces was taken and uploaded to Evidence.com under this case number.
