

NARRATIVE

On June 9, 2014 at approximately 1700 hours I was notified by dispatch of a two car collision on Hall Brothers Loop and Winslow Way. On arriving I located the two vehicles and contacted the drivers. [REDACTED] was the first person I spoke to and she told me she had been waiting to exit the parking lot when the vehicle in front of her backed up and struck the front bumper of her car.

Then I spoke to [REDACTED] who told me that he had been preparing to exiting the parking lot and realizing that he was out into Winslow Way he backed his vehicle up striking [REDACTED]'s car. He said that he did not check behind him prior to backing up.

The damage was due to the height difference of the two vehicles.
