

NARRATIVE

On 05/23/2024, Officer Day and I were dispatched to a report of an erratically driven vehicle that had crashed into a construction/reader display board on SR305 just south of Seabold Church Rd.

Per the witness, [REDACTED], who I spoke with on scene indicated that D-1 was driving north bound on SR305 on the shoulder (on fog line and right of fog line) for about a half mile before colliding with the construction/reader board sign owned by Scarsella Bros LLC, valued at approx. \$7000.00.

D-1 advised Officer Day that the sign ran into her. D-1 advised the medics on scene that she had consumed a small amount of prescribed Oxycodone for a medical condition.

Officer Day was granted a search warrant for blood and two vials of blood were drawn from D-1 at St. Michaels Medical Center in Silverdale, Wa. D-1 was arrested for DUI and released at the hospital.
