

NARRATIVE

██████████ came to the BIPD station to report a hit and run collision.

██████████ stated the collision occurred in the Safeway Parking lot on 09-19-2024 at approximately 1130 hours. ██████████ said she parked in a space in front of Safeway, went into the store, and when she returned found a significant dent on the rear trunk hatch to her vehicle. I photographed the damage and uploaded the image to Evidence.com.

██████████ said she contacted her insurance company, who told her to file a report with the police as this was a hit and run collision.

I was unable to investigate the scene due to the time elapsed.

SCENE NOT OBSERVED
