

NARRATIVE

Vehicle 1 was traveling south on SR305 behind Vehicle 2, both vehicles were approaching the intersection with Day RD. Vehicle 2 slowed and came to a stop for the traffic signal at Day RD and SR305. Vehicle 1 failed to come to a stop in time, and collided into the rear of Vehicle 2. No occupants of Vehicle 2 claimed any injury at this time. The driver of Vehicle 1 stated that they were experiencing exhaustion, and had briefly fallen asleep, causing the collision. Vehicle 1 sustained minor damage to its rear. Vehicle 2 sustained moderate damage to the front half. Both Vehicles were able to leave the scene under their own power. Vehicle 1's front airbag deployed, the driver of Vehicle 1 was evaluated by BIFD staff after a complaint of sternum pain.
